SUMMARY

Final-year Computer Science student targeting a software internship in Auckland, Nov 2026-Feb 2027. Builds full-stack products with React, ASP.NET Core, PostgreSQL and Docker. AWS-certified (Cloud Practitioner, AI Practitioner, ML Engineer Associate). English IELTS 7.5; Mandarin native.

EDUCATION

University of Auckland - Bachelor of Science, Computer Science Feb 2024 - late 2026
GPA 6.45 / 9.0. Coursework: Data Structures, Algorithms, Software Engineering, AI Fundamentals. Capstone: TensorFlow model predicting in-game player behaviour (~85% accuracy).

PROJECTS

LearnChain - gamified habit tracker (MSA 2026, Software) 2026
Full-stack web app (React + ASP.NET Core) with JWT, BCrypt and role-based access. Frontend on Vercel; backend as Docker + PostgreSQL on Render. Server-authoritative check-ins, streaks, XP/levels and badges so progress cannot be spoofed from the client. AI companion with tool-calling (create/rename/delete habits) and bilingual UI. github.com/wumingsaberarcher/learnchain-msa2026

Exterminatus - 2.5D parkour/puzzle game, Unreal Engine 5 Aug-Nov 2024
Led a 4-person team. Designed and modelled 2 characters, 10+ scene assets and 2 narrative paths. Public build: mason-liu-u.itch.io/genesis

EEG foundation models review - University of Leeds virtual placement Nov 2025-Jan 2026
Critical review of EEG foundation models with Professor Faisal Mushtaq. Literature analysis with Zotero citations; R scripts for publication-trend figures; independent written report.

Microsoft Student Accelerator NZ - Data Science stream Apr 2025
Completed Azure SQL modules (introduction; deploy and configure servers). Independent data analysis / ML project with a public GitHub repo and runnable submission.

SKILLS

Languages	Python, C#, TypeScript/JavaScript, C++, SQL, Java
Full-stack	React, ASP.NET Core, EF Core, REST APIs, JWT, PostgreSQL, SQLite, Docker
Cloud & AI	AWS (Cloud Practitioner, AI Practitioner, ML Engineer Associate); Azure SQL; TensorFlow
Tools	Git, Docker, Linux, Unreal Engine 5

CERTIFICATIONS

AWS Certified Cloud Practitioner (22 Dec 2024); AWS Certified AI Practitioner (1 Nov 2025); AWS Certified Machine Learning Engineer - Associate (27 Sep 2025).
